# The Out of the Ordinary Outback Group is designed to bring all travellers the opportunity to see our beautiful region.

This is where you will experience the 'real' Australia, a place of wonder and excitement. Take the opportunity to lose yourself in true isolation and experience the sense of community it inspires between you, your companions and the fellow wanderers we meet. While you're there, take the time to meet some of the local characters that are often as much a part of the outback as the land itself.

Inspired by the spectacular scenery, abundant wildlife, and unique characters, our accommodation and tours are designed to introduce you to the real Australian Outback by providing you with a variety of authentic experiences. But not at the expense of comfort...
